DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-10, drawn to a functional fluid.

Group II, claim(s) 11-12 and 20 drawn to an electrical device.

Group III, claim(s) 13-15, drawn to a transformer.

Group IV, claim(s) 16, drawn to method of making an electrical device.

Group V, claim(s) 17-19, drawn to method of increasing the useful life of paper insulation.

2. The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Claim 1 is anticipated or obvious over any of Minnick et al (6,177,031) dielectric fluid comprising vegetable oil and mineral oil; or Oommen et al (6,312,623) electrical insulating fluid with triglycerides and mineral oil. Consequently, the special technical feature which links Groups I-V does not provide a contribution over the prior art, so unity of invention is lacking.

3. A telephone call was made to H. Sanders Gwinn on October 28, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
